ATTENTION

REFURBISHED MARK XV POWDER FEEDER

We currently have a refurbished **MARK XV** Powder Feeder available. The MARK XV powder feeder is the same as the *Tafa 5500* powder feeder and is compatible with any thermal spray system.

This feeder has been completely refurbished and carries a **12 month warranty** against defects in components and workmanship.

This is essentially a *new feeder* as the cabinet, canister assembly, and vibratory drive are all that is original. It has been completely rebuilt with new components, consumable parts and wiring to current specifications, and incorporates many improvements in functionality and maintenance.

If interested, please contact us at (440) 427-1035 or email to: info@powderfeed.net for details.
